Crosby & Taylor

beautiful AMERICAN-MADE PRODUCTS for EVERYDAY USE

Washable Pewter

A gift of Crosby & Taylor pewter is something to share and to treasure. Made primarily from tin, it originates in the Earth and after being cast by hand, finished by hand and assembled by hand, it develops a value that no factory can produce. And like fine wine, pewter only grows better with age. It never requires polishing, for it develops its own patina - a natural finish which pewter collectors know and covet.

mr.steam®

Feel Good Inc.

A daily steam shower is one of the most refreshing rewards you can give yourself. Step inside and feel your senses expand. Boundaries soften and disappear. This is the most sensual of beauty rituals: relaxation and rejuvenation, stimulation and exhilaration.

SteamTherapy keeps you glowing as warm moisture opens your pores, leaving your skin softer and more supple. Steam cleanses and nourishes the skin, leaving it with a healthy glow. It hydrates dry skin. And, hallelujah, it can also aid in the fight against cellulite while boosting your metabolism.

That daily steam indulgence is a natural detox that removes harmful impurities from your body. It can also enhance your breathing, leaving you with an improved sense of tranquility, promoting restful sleep and wellness.

As if that weren't enough, steam is also recommended for the relief of symptoms of colds, flu, sinusitis, bronchitis, allergies, asthma, throat irritation, arthritis and more. Sore, tired muscles? Rigid joints? Steam eases the pain.

And don't forget the wellness benefits of aromatherapy and chromatherapy, along with the calming swirl of music that turns that dreadful day into a distant memory.
